Maha-Mobile Registration Process

Step # 1: Application for Mobile Banking Service

Visit your branch and apply for Mobile Banking (Forms are available at branches or customers may download the form from https://www.mahaconnect.in or www.bankofmaharashtra.in). On successful processing of the application at the branch and Internet Banking Cell, you will receive a 4 digit MPIN for Mobile Banking by post or courier.

Step # 2: Installation of Mobile Banking Application on your Mobile Phone

Option 1: Send an SMS <BOMMOBILE> to 9975494909.

If your Mobile Number is registered with Bank of Maharashtra for Mobile Banking Services, you will receive an SMS containing link, which can be used to download the Mobile Banking Application on your Mobile Phone.

Option 2: Download from Website

Visit website https://www.mahaconnect.in Go to Other Technology Products ➔ Mobile Banking section and click on "Download Mobile Banking Application" link. Download the application on your PC and then move the application to your Mobile Phone using USB Data Cable or Bluetooth.

Step # 3: Registration Process for Maha-Mobile (Mobile Banking Services)

1. Open Maha-Mobile Application downloaded on your mobile

2. Enter your Mobile Number Registered with the Bank and Mpin supplied to you by the bank by post/ courier and select "Register"

3. Abstract of Maha-Mobile Terms and Conditions will be displayed on your Mobile Screen. Select "Agree"

4. In the next screen you have to set your 6 digit Mobile Banking Application Password (Numeric). Enter Application password twice, once in the Enter Application password box and then in Confirm Application Password box and select "Save"

5. Now Application will ask you for Network Access, Allow the application to access network through GPRS. Wait for registration process to complete; this may take some time around 1-2 minutes.

6. After successful registration, please change your MPIN supplied by Bank of Maharashtra.

7. Please remember your MPIN and the Application Password you have set.

8. Please note that your MPIN can be regenerated and reissued to you, but if you forget your application password then you need to download the fresh application and do the registration process once again.

9. After successful registration, you may start using Mobile Banking Services.
